## **FOODSAFE Guidelines**

### **Food Source:**

All food must be purchased and prepared from an approved source. Food prepared at home is prohibited

All preparation and portioning to be done prior to event to minimize food contact on site

### **Temperature:**

Hot foods must be held at 60 C (140 F) and should be consumed within 1.5 hours to maintain quality and safety

Cold Foods must be refrigerated must be kept at or below 4 C (40 F)

Proper equipment, probes, and storage must be provided for all food handled (SPPC does not supply)

### **Equipment & Utensils**

Use only disposable utensils & containers for customer self-service

Ensure there are a sufficient amount of food handling utensils available to replace soiled or used ones

All soiled utensils must be cleaned and sanitized before reuse

### **Handwashing**

Provisions must be made for adequate handwashing when food is being handled

Handwashing should occur: before food handling and throughout the day; after breaks or washroom use; after touching hands, face or body; coughing sneezing etc.
